The Friends of Malton Museum

was founded in 1975

The Aims of the Friends of Malton Museum

To encourage more people to visit the Museum

To help in maintaining and enlarging the collection

To provide voluntary assistance and financial support for the Museum

To arrange lectures, exhibitions and social events of historical and archaeological interest.

Although the former Museum building was closed, the bulk of the widely respected and highly valued collection is now in store with the hope that it may be more fully displayed in a new location at some time in the future. Meanwhile in 2014 the Museum was given the use of the Subscription Rooms at 36 Yorkersgate, Malton YO17 7AB Tel: 01653 691262
"to establish a museum in the community".

The **Education Group** continues to work in local schools and in the community. **The Collections Group** continue to collate and care for the collection while in store. The **Friends of the Museum** continue to support the Museum in whatever ways they can and to work in whatever ways possible to sustain a future for the Museum in Malton.
